

SHELFORD RUGBY CLUB

CHAIR – PRESIDENT

Overview:

As Chair of the Playing Committee you will represent the Club's adult playing teams at meetings of the General Committee and will have an important role in supporting adult playing members by chairing regular meetings of the Playing Committee.

The Chair of the Playing Committee has no managerial or financial responsibility for any teams, players or support staff. Day-to-day operational and playing matters are the responsibility of the Head Coach and, where appropriate, the Team Manager and team captains. Contracted players and playing side employees are responsible to and managed by the Board.

What you'll get out of it:

This is a hands-on way of staying in the game and making a significant contribution to the experiences of players at the Club. The influence you will have on players makes this an extremely rewarding and stimulating role.

Ideally, you'll need to be:

- Well-organised
- Enthusiastic and motivating
- A good listener who's easy to approach
- Able to chair meetings effectively

What you'll do:

- Chair regular meetings of the Playing Committee, providing a platform for all adult teams and players to discuss issues related to playing rugby at the Club;
- Prepare and circulate agendas, minutes and other paperwork to members of the Playing Committee before meetings;
- Attend meetings of the General Committee, sharing minutes and matters discussed at meetings of the Playing Committee;
- Act as a liaison between players and other parts of the Club, helping to ensure that the needs of players and teams are met and that players have a positive experience of playing at the Club.
- Promote a one club philosophy that encourages all players to play for and support all teams across the Club.

Responsible to:

The Chairman
